

Kopīga tikšanās ar ģimnāzijas direktori

Iepazīšanās spēle kopā ar vācu grupas skolēniem

Vācu tradicionālo ēdienu pagatavošana ģimnāzijas mācību virtuvē

Ksantenes Arheoloģiskā parka apmeklējums

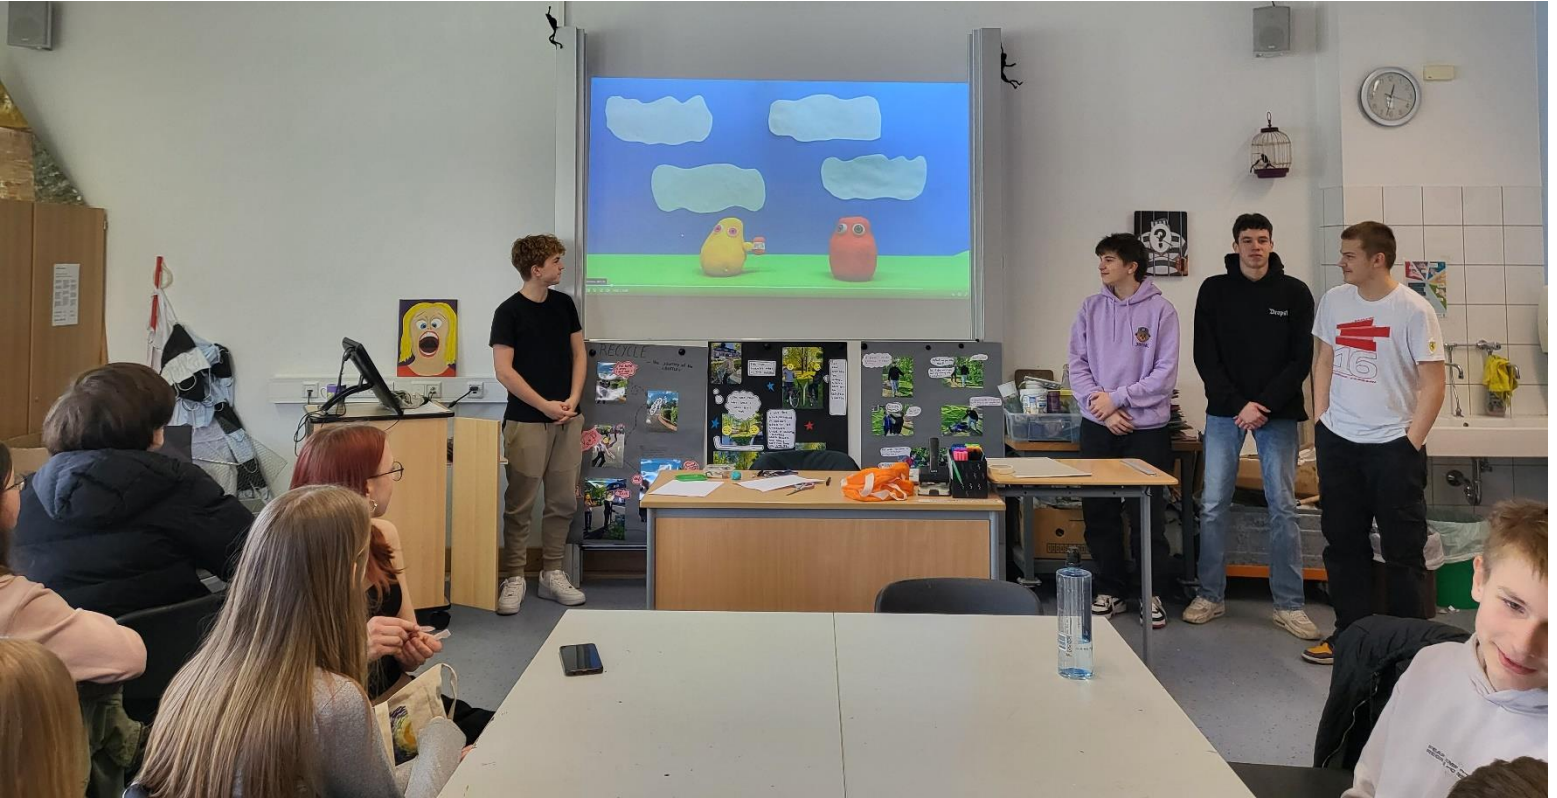

Eiroparlamenta un parlamentārija apmeklējums

Kāpšana pa dažādu līmeņu šķēršļu joslu parkā Ksantenē

Projektu darbs, kurā radīti tika informatīvi materiāli skolai saistībā ar plastmasas piesārņojumu

THE TWO FRIENDS MEET AT THE SCHOOL

HEY, BRO! WHY ARE YOU RIDING A BIKE AND NOT AN ELECTRIC SCOOTER

1.) OH, BOY, THAT WAS SUCH A GOOD BIKE RIDE

I USE THE BIKE, BECAUSE IT DOESN'T NEED TO BE CHARGED LIKE A SCOOTER. SCOOTERS NEED POWER AND WHILE GETTING THAT CO₂ CAN BE PRODUCED

5.) I THINK THAT I SHOULD START USING A BICYCLE...

ELECTRIC SCOOTERS ARE BAD FOR THE ENVIRONMENT AND PEOPLE. THEY MAY PRODUCE CO₂ WHILE CHARGING. PEOPLE INJURE THEMSELVES AND OTHERS.

RECYCLE

~ the journey of the ♪BOTTLE♪

Info:
A plastic bottle takes around 450 years to decompose.
When animals eat plastic, it can clog their stomachs. So always make sure to dispose of your rubbish!

That is better for the environment!

Why?

It doesn't make a difference if I throw it away

What are you doing there?!

Does it matter?

Yes it does and if you don't stop throwing trash, I will fight you!

BANG

Then let the fight begin!

It doesn't matter if I recycle plastic. Nobody else recycles so it won't make a difference.

But with the power of friendship we always win!

RECYCLING!!!

What???

I think this guy will recycle now...

Yeah, but he was right; everyone needs to recycle not just one.

Then let's start recycling
